EcoFlow River mini

Specification sheet

RIVER mini is designed to become an “Grab and Go” power station. It is lightweight at 6.3lbs and easy to carry, so it can make you feel home at outdoor, enjoy the Anywhere AC Outlets anytime at anywhere.

Specifications

General

Capacity: 210Wh

Weight: Approx. 6.3lbs (2.85kg)

Dimensions: 9.8 × 5.5 × 5.2in (24.9 × 14.0 × 13.3cm)

Outputs

AC Output (x2): 300W total (Surge 600W) , 120Vac (50Hz/60Hz) / High voltage region (x1): 220-240Vac (50Hz/60Hz)

USB-A (x3): 12W, 5V, 2.4A

USB-C (x1): 100W Max; 5V/9V/12V/15V/20V, 5A (for RIVER Mini wireless version only)

Car Power Output (x1): 126W, 12.6V, 10A

Wireless Output (x1): 15W (for RIVER Mini wireless version only)

Inputs

AC Charge Input Voltage: 100-120Vac (50Hz/60Hz) (High voltage region 220-240Vac)

AC Charge Input Power: X-Stream charge 300W Max

Solar Charge Input: 11-39V, 8A, 100W Max

Car Charge Input: 12/24V, 100W Max

Battery

Cell Type: Lithium-ion

Life Cycle: 500 cycles to 80%+ capacity

FEATURE

WIRELESS CHARGING

APP CONTROL

SLEEPING BAG RANGE

Scout

- Promotion priced sleeping bag with quality features
- 100% polyester outer shell
- 100% polyester core lining
- Soft hollow fibre insulation
- Complete with stuff bag

Size: 76cm x 191cm

Navy
Fill weight: 9kg
Comfort Range 10°C

Nomad

- Rectangular Design polyester fill
- Double layer polysoft
- Nylon outer shell
- Cotton lining for comfort
- Draft tube
- Complete with stuff bag

Size: 84cm x 198cm

Red / Black
Fill weight: 0.91kg
Comfort Range 0°C

Purple / Black
Fill weight: 0.91kg
Comfort Range 0°C

Green / Black
Fill weight: 0.91kg
Comfort Range 0°C

Comfort

- All bags feature polyester outer and inner lining
- Attached Hood
- Complete with stuff bag

Size: 75cm x 185cm
+ 30.48cm hood

Grey
Fill weight: 2.3kg
Comfort Range -5°C

Red
Fill weight: 1.6kg
Comfort Range 3°C

Navy Blue
Fill weight: 0.91kg
Comfort Range 10°C

7-DAY EMERGENCY PORTABLE FOOD STORAGE

INTRODUCTION

When a disaster occurs, you will have no refrigeration, electricity, gas, water, sewage treatment, or telephone services. You must have your own food, water, and other emergency supplies in sufficient quantity to last for at least 7 days.

You probably will not have the opportunity to shop or search for the supplies you need. Storing high-energy, non-perishable, ready-to-eat food is necessary for short-term aid. Stress will be very high after a crisis, so be mentally ready for it.

Stress, extra physical labour, and lack of sleep will also take its toll on your body, so high energy food is important. Even so-called “empty calorie” foods such as candy and other sugar-rich items are okay in these situations. Following a disaster, there may be power outages that could last for several days.

WHAT FOODS GO INTO THE 7-DAY EMERGENCY SUPPLY?

Stock canned foods, dry mixes, and other staples that do not require refrigeration, cooking, water, or special preparation.

- Ready-to-eat canned meats, fruits, vegetables, and a can opener
- Protein or fruit bars
- Dry cereal or granola
- Peanut butter
- Dried fruit
- Nuts, chips, or crackers

- Food for infants
- Dry drink mixes to add to water
- Comfort/stress foods, candy bars, etc.

WHAT DRINKS (WATER) SHOULD GO INTO THE 3-DAY EMERGENCY SUPPLY?

- Bottled water
- Soda or juices (full sugar not diet)
- Non-perishable pasteurized milk

HOW SHOULD THE 7-DAY EMERGENCY SUPPLY BE STORED?

In some cases, you may need to evacuate on short notice and take essentials with you. These foods should be stored in one or two portable containers.

Hygiene Pack

Specification sheet

The Hygiene Kit is a neat Kit Bag containing a range of products for personal hygiene. With an easy carry handle at one end and zipped pockets, this bag will carry everything. Children and families affected by poverty, homelessness, natural disasters need essential hygiene items. This kit will provide encouragement and hope to the people of Ukraine

Each night, nearly 200,000 people sleep outside or in a place not meant for human habitation. Basic needs go unmet as many homeless men, woman and children lack access to necessities such as hygiene items. Amidst their challenging times they will find hope through the gift of this tote filled with much-needed essentials.

Features & Benefits

- Toothbrush
- Toothpaste
- Shampoo
- Shaving Foam
- Shaver
- Wet Wipes

TIMES

Head Torch

Specification sheet

The LED HT-650 Zone 0 Headtorch is the ideal high light output and long duration headtorch for hands free lighting, particularly where access is difficult, requiring climbing or crawling and are CE marked to the ATEX Directive and IECEx certified for safe use in Zones 0, 1 and 2 potentially explosive gas and Zones 20, 21 and 22 dust atmospheres. The approval code also covers all group II (industrial) gas apparatus groups, for potentially explosive gases up to T4 temperature class, and group I M1 mining applications.

The HT-650 weighs 180 grams including batteries and is constructed from robust, highly durable, high impact thermoplastic materials, which are chemical resistant and electrostatic non-hazardous, and fitted with a shatterproof polycarbonate lens. The tilt adjustment mechanism allows the user to angle the light and the bespoke optics deliver a broad spot beam suitable for close up hands free tasks, and is designed for single-handed switching and water/dust tight to a minimum of IP66.

With a 'fitted for life' high power LED light source, the HT-650 has a powerful light output of up to 130 lumens with an optimum light duration of approximately 17 hours from a set of three AA alkaline cells. The use of primary cells makes it economical for personal lighting.

The CMT LED HT-650 Zone 0 Headtorch is supplied fitted with an adjustable removable fabric head band allowing it to be comfortably worn directly on the head for extended periods and a set of 4 helmet clips to allow it to be securely attached to a hardhat. The HT-650 is also supplied with an easy clean inert silicone rubber strap, which grips to a hardhat.

Features & Benefits

- IECEx Scheme certified
- Zone 0 explosive gas, vapour and mist and Zone 20 dust certified
- T4/T3 temperature class
- High Power LED light source
- Lightweight, ergonomic design
- Single handed switching
- Hands free operation
- IP66 water and dust tight
- Adjustable, removable headband
- Supplied with helmet clips for hard hat use
- Tilt adjustment for light direction

LED Rechargeable Torch

Specification sheet

Ultra bright LED torch with 1000lm output with a working time of up to 8 hours. The LTFL1 torch is powered by a rechargeable 18650 battery.

Easily recharged by USB cable, with a variable zoom focus, it can be used for camping, adventure, rock climbing, travelling and fishing.

Specifications

Material: Heavy-duty Aluminium

Power: 10W OSRAM LED

Lumens: 1000lm

Modes: High - Low - Flash

Variable Zoom Focus

Charging Time: 5-6hours

Working Time: 2 hours (high power)
8 hours (low power)

Battery Type: 1 x 18650 2000mAh

Rechargeable Li-Ion Battery (included)

Input: Micro USB

50cm USB Cable included

Operating Temp.: -10°C~ +35°C

Size: 37x 142mm

FEATURES

ON/OFF AND MODE
CHANGING BUTTON
